## CROWDED CARS IN CITY CRITICIZED

Communication to Council Asks  
That Street Car Company be  
Compelled to Carry Trailers  
—Mix Wants Definition.

Crowded street cars on the C. S. B. & N. I. lines in this city came in for criticism Monday evening at the meeting of the common council. O. F. Stevens as chairman of the railroad committee, representing the T. P. A. of South Bend, addressed the council in the near future to endeavor to secure better street car service for local patrons of the company.

To Erect School.  
The school board, through the president, Fred Partridge, asked the council to allow it to issue and sell bonds to the amount of \$28,000, to pay for an addition to the south side school and for a new heating and ventilating system for the same school. According to the communication the new addition will be two stories and will be built of concrete block along the same lines as the present building. There will be six additional classrooms and the basement rooms. Following a short recess the council as a committee of the whole gave the board permission to issue and sell the bonds. At the same recess the communication of M. W. Mix asking that the powers and

limitations of the park board be defined was answered. The council instructed the city attorney to prepare an ordinance setting out the powers and defining the limitations of the park board and determining the manner in which it shall disburse funds.

Mr. Mix is president of the park board and the purpose of his query was to determine definitely the jurisdiction of the local park commissioners. A motion submitted later in the meeting gave the park board power to go ahead with improvements and to use available funds until the ordinance is drafted.

Albright Resigns.  
The resignation of Dr. A. A. Albright as city sealer of weights and measures was unanimously accepted by the council. The petition of Edward Mason for the position of sealer was placed on file.

Petition Received.  
H. O. Smith and nine others petitioned for an arc light on Tenth st. between Main and Union. The matter was referred to the board of public works. The board of public works was ordered to construct crosswalks at Laurel st., at both the Fifth and Sixth st. crossings. Councilman Roggenman asked the council to place a crosswalk at Broadway and Locust sts., and asked that the C. S. B. & N. I. railway be instructed to plank the same.

The water mains on Tenth st. between Main and Union, which were asked for some time ago were granted at the meeting.

Tupper Re-appointed.  
Upon motion of Councilman Shobe, seconded by Councilman Campbell, W. T. Tupper was re-appointed a member of the school board for the ensuing three years.  
The total amount of claims allowed at the meeting totaled \$7,886.66. The meeting came to order at 8:05 and adjourned at 8:40. All councilmen were present. Atty. J. Fred Elmhurst represented City Atty. Parks who is visiting in the west.

LEAVE FOR WEEK'S OUTING.  
Adam Wambach of the central fire station and family, left Monday for Pleasant lake, where they will spend the week.

## OPPOSE IMPROVEMENT BEFORE WORKS BOARD

Resolutions for Work Passed, However, Despite Protest.

The Board of Public Works met in regular session Monday morning. Pres. John A. Herzog presiding. A petition of M. Dutto and 19 others which had been referred from the council at its last regular meeting, was read, and same was granted. It was moved that the balance of \$239.00 due G. Frank Stockinger for constructing manholes at the new pumping station encasing the wells be allowed, and the same was ordered paid.

Hearing on the proposed Union st. pavement was heard, those opposing the said improvement were Geo. D. Berth of South Bend, representing the "Federation Day" view of rendering them helpful to each other and society. "I will hand their name to the membership committee, which is composed of Margaret S. Davis, Mrs. J. J. Stuller and Mrs. J. G. Postwick. The yearbook for the club for 1913-1914 is in preparation and will soon be ready for the press. Many interesting features are in prospect for the coming year.

Street Commissioner Otto Muirhead reported on investigating the condition of the manholes about the city; he stated that out of 31, only four were found to be working properly. Supt. Crabbill of the water works was instructed to repair those not in first class condition.

P. S. Puson presented a plat for a Gernhart second addition, which was accepted.

Rebate on water rent was granted to Simon Ward, John Feiten and J. Klein, upon the recommendation of Supt. Crabbill.

City Engineer Haverly submitted assessment roll for the E. Second st. pavement, which was adopted by resolution.

Petitions for rebate on water rent were received from Messrs. Bowers, Fomero and Graham, which were referred to Supt. Crabbill for investigation.

Resolutions were adopted for the improvement of W. 6th st., from Jackson st. to Burdette st., by constructing sidewalk and curb on the north side of said thoroughfare.

G. Frank Stockinger was awarded the contract for a sewer on the corner of Vine st., his bid being considered the lowest and best.

FILE SERIOUS CHARGES  
AGAINST LOCAL COUPLE

Prosecutor Chester R. Montgomery Monday filed charges in the circuit court against Robert Rubshaw and Mabel Rubshaw of this city for larceny and burglary. The couple furnished a bond of \$200. It is claimed that they stole a gold watch and an agate watch chain valued at \$100 from James Ellis of W. Second st. on Wednesday morning while Mr. Ellis was at South Bend.

RETURN FROM TRIP.  
Mr. and Mrs. R. H. Jernegan returned Monday from Klinger, Iowa, Mich., where they spent Sunday. They made the trip in their automobile.

LOSES PURSE.  
Mrs. C. C. Lawrence, wife of the travel speaker at the Princess theater, had a purse stolen from the rear of the theater Monday evening. The purse contained little money and few valuables, the greatest loss being a check from the local Chinese laundry. Mr. Lawrence saying that he is unable to get his linen until he finds the lost or stolen purse.

## J. J. ENGELDRUM OBJECTS TO ROAD

J. J. Engeldrum of this city, appeared before the meeting of the county commissioners at the court house Monday morning in an objection to the proposed road from Jackson, Mich., to South Bend, Ind., which is a great amount of comment in this vicinity.

Engeldrum spoke for some time vehemently opposing that road which it is proposed to construct at a cost of \$50,000.

During the talk the local man got into a fracas with J. A. Mochel, one of the commissioners. Mochel owns a farm near the proposed road and on st. to Burdette st., by constructing sidewalk and curb on the north side of said thoroughfare.

G. Frank Stockinger was awarded the contract for a sewer on the corner of Vine st., his bid being considered the lowest and best.

## ESCAPES SHOCK AND A TWENTY-FOOT FALL

Eugene Mowrey Recovers After Plunge and Refuses Offer of Ride to His Home.

ELKHART, Ind., July 21.—A shock by 2,300 volts of electricity combined with a twenty foot fall were survived Monday afternoon by Eugene Mowrey, an employee of the Elkhart station of the Indiana & Michigan Electric Co.

Mr. Mowrey, who is a lineman, was on the top of a pole near the Sidway Merchandise Co., giving the number of wires to a fellow employee who was standing on the ground nearby. Suddenly Mowrey's body was seen descending through the air and crashed to the ground apparently lifeless.

The police ambulance and pulmotor were called but Mowrey had revived before their arrival. Painful burns to his right hand and a severe strain to the right shoulder were the only injuries sustained.

Mr. Mowrey refused the offer of a conveyance home, stating that he did not wish to unnecessarily frighten his wife, who is in ill health.

## BARTENDERS DO NOT CARE TO SERVE FOOD

ELKHART, Ind., July 21.—Asserting their objections to acting as waiters, in addition to "slinging suds," twenty-one Elkhart bartenders took the preliminary steps in reviving Charter No. 73 of the Bartenders' union Sunday.

The charter had been allowed to lapse shortly after Elkhart was voted "dry" in 1909 and if the old one can not be retained the men have declared their intentions of applying for a new one.

Elkhart saloon keepers without exception maintain a lunch counter in connection with their business to which various kind of edibles can be purchased at a price much lower than the regular restaurant charges. For this reason they are liberally patronized and at present the bartenders are expected to act as waiters.

## WATSON STOOD IN STRONG WITH N. A. M. OFFICERS

CONTINUED FROM PAGE ONE.

Aside from Sen. Nelson, Mulhall's letters dealt Monday largely with what the National Association of Manufacturers was going to do for former Cong. James E. Watson of Indiana toward getting him a place in Pres. Taft's cabinet and of how the association began work for a tariff commission. According to the letters Mulhall, Schwedman and eventually Pres. Van Cleave and others high in the councils of the association wanted Watson in the post of secretary of commerce and labor, after he had been defeated for governor of Indiana. In one letter Mulhall wrote:

"If Mr. Watson is selected for the appointment of secretary of commerce and labor he will be much more powerful in the cabinet of Pres. Taft than he would be as governor of the great state of Indiana." In another he said, "if he (Mr. Watson) was secretary of commerce and labor it would be to uphold our splendid organization and would give us the greatest rating throughout the country that any manufacturer has ever had in the history of the nation."

On Jan. 25, 1909, D. M. Parry, one time president of the association, wrote to Mulhall: "I would personally feel just as safe with Mr. Watson in that job (secretary of commerce and labor) as for Mr. Van Cleave or myself to have the chair."

The letter showed that Mulhall thought at least that Vice Pres. Sherman, Speaker Cannon and many prominent republicans were interested in Watson and that while at first he had regarded the cabinet job as one which the president should be allowed to fill as he pleased, he had eventually become a more or less open candidate. Mr. Sherman was quoted by Mulhall as being particularly desirous of helping Watson and promised to use all his influence with Mr. Taft to get the job. Sen. Knox, who became secretary of state under Taft, was to be talked to about Watson by manufacturers and they were to make every effort to urge the appointment through committees and through members of the senate and the house.

All through the day, the letters told of the interest of Mulhall in a tariff commission. He swore that he was instructed to find out the views of every member of the house and most senators on this matter and letters were read giving the standing of each. He finally mixed Watson up with the commission.

"I believe that Mr. Watson was employed by the committee of 100 of the tariff commission when it was created," he swore, "and paid a certain amount of money per week for his services while he was here in Washington for that committee."

"I know at that meeting here this arrangement was made, they set a price on Mr. Watson of \$500 for a retainer. Mr. Emery set that price by appealing to Mr. Kirby and the rest, and \$250 a week for Mr. Watson while he was here working in that work, and \$10,000 if he got the bill through at the end of the campaign."

"Mr. Watson at that time was not a member of congress," suggested Sen. Reed.

"Yes, he was a member of congress."

## WOMAN KILLED INSTANTLY WHEN HIT BY AN AUTO

CONTINUED FROM PAGE ONE.

To regain perfect health. Since the accident which occurred in South Bend she has been very careful about automobiles and motorcycles. She was generally nervous when crossing streets and corners and it is believed that the nervousness at the time of the tragedy Monday was largely instrumental in bringing on her death.

Miss Frances Harrington, 107 Stull st., is visiting friends in Auburn, Ind., and at Winona lake, Ind. She will return in about two weeks.

## DEMOCRATS AWAIT BARNHART'S COMING

A growing sentiment which, it is anticipated, will develop into a demand for a preferential election for the postmastership, was apparent here Monday and with the expected visit of Congressman Barnhart it is expected that it will take a definite material form.

The anti-organization democrats are continuing to foam and fret over the repeated declaration by organization men that "everything is solid for Littrell."

It is declared that Barn
